

## Many thanks to our Sponsors and Partners

The 50<sup>th</sup> International Symposium on Forestry Mechanization (FORMEC) held in Braşov (Romania) came to an end. It was a great success, an intense and exciting 50<sup>th</sup> FORMEC Anniversary.

This milestone event could not have been a great success without the significant contribution of our Sponsors and Partners. Their appropriate and timely commitment has backed the organizing team to deliver the Jubilee Edition of FORMEC Symposium to its participants at the highest quality standards. It also gave a strong signal to the academia and industry that high quality research is anchored in the sectorial realities, creating a positive impact in the forestry sector.

Therefore, we take this opportunity to say a big THANK YOU, dear Sponsors and Partners. Please receive, dear Sponsors and Partners, the assurances of our highest consideration for supporting the organization of 50<sup>th</sup> FORMEC Symposium in Romania.

We wish you best of success in your activities and we look forward for future cooperation with you.

The Organizing Team
